Trend

Peer group allocation

Each asset participant is assigned to a peer group, based on the entity's business activities and geographical location. To ensure participant anonymity, GRESB will only create a peer group if there is a minimum of six participants allocated to the peer group, the participant and five other peers. Peer group assignments do not affect an asset's score, but determine how GRESB puts an Assessment participant's results into context.

Aspect, Strengths & Opportunities
